MoliCare Premium
Form STOOL

Trust in MoliCare, with:

A comprehensive range of absorbent products to suit all incontinence needs

Skin balanced pH to help prevent skin irritation caused by incontinence

A complete skin care range for compromised and ageing skin with MoliCare Skin®

MoliCare Premium Form STOOL

Advanced protection for faecal incontinence.

Faecal incontinence affects 6% of Australian men and 10% of Australian women¹

In an aged care setting, a diarrhoea outbreak significantly increases bed linen changes and the cost of care.

MoliCare Premium Form STOOL has been developed to help counteract these extra costs and support faecal incontinence management.

MoliCare® Premium Form STOOL

90% larger pockets²
to securely catch stool and prevent stool leaking

Green backsheet
for easy differentiation

Good to know

MoliCare® Premium Form STOOL is also suitable for people with a catheter. Its design provides an ideal and cost effective safety net if the catheter moves and urine escapes, or as part of a faecal management plan.

Faecal incontinence cleansing protocol

1. Gently remove faeces from the skin with MoliCare® Skin Cleansing foam
2. Clean all areas conveniently with MoliCare® Skin Moist skin care tissues
3. Enhance the skin's own barrier function with MoliCare® Skin Barrier cream

Product name	Code	ISO max absorbency in mL	Unit per pack	Pack per carton
MoliCare® Premium Form STOOL	168 419	1,295	32	4

Product name	Code	Content	Unit per carton
MoliCare® Skin Cleansing foam	995 016	400 ml	12
MoliCare® Skin Moist skin care tissues	995 038	50 pieces	12
MoliCare® Skin Barrier cream	995 026	200 ml	12

MoliCare® Premium Form +SIZE & MoliCare® Premium Fixpants long leg 5XL

Better care for bariatric sizes.

Obesity is on the rise. In Australia, 1 in 3 adults are obese and it is more common in older age groups.³

When overweight or obese, the pelvic floor has a consistently heavier load to support. Body fat

presses down on the bladder and bowel, and can result in incontinence.⁴

The new **MoliCare Premium Form +SIZE** provides tailored coverage and security.

MoliCare® Premium Form +SIZE

39% bigger⁶
with extended width and length

High absorption capacity

Recommended with

MoliCare® Premium Fixpants long leg 5XL for waist circumferences up to 240 cm

360° skin care: MoliCare® Skin

MoliCare is dedicated to offering solutions for all incontinence issues. For people of bariatric size, or with faecal incontinence, effective care is essential to maintain skin integrity.

MoliCare Skin is a complete cleanse, protect and care solution for compromised skin and helps to prevent skin irritations such as Incontinence Associated Dermatitis (IAD), an inflammation of the skin that develops from chronic exposure to urine or faeces.

Obesity can cause several challenges to skin integrity requiring consistent and detailed care to prevent skin breakdown.

Skin breakdown can occur if someone is not able to toilet effectively or when skin folds may impede access for self-care.

Skin folds can also trap humidity and moisture, increasing the risk of skin infection.⁷

Faecal incontinence significantly increases the risk of IAD.

Exposure to faeces, which contain 60% bacteria⁸, increases the pH of the skin and can lead to a breakdown of the skin's natural acid protection mantle and infection.⁹
